a personal touch worldwide

## “Welcome to Liberty Outdoor!”

Within the Liberty International Tourism Group, Liberty Outdoor is a new brand of Liberty and specialized in all kinds of outdoor activities.

Liberty Outdoor offers a huge number of activities, from exhausting to relaxing and from sporty to simply impressive. Also the company offers teambuilding activities to support the internal cohesion and collaboration within a company. A perfect combination of teambuilding and outdoor experiences can be expeditions, where a group is taken out of their daily grinds for a couple of days and reaches an aim together as a team.

Based in the Austrian Alps with a main office in Innsbruck and an Outdoor Camp in Salzburg Liberty Outdoor has the best conditions to execute all kinds of outdoor events and expeditions in its close surrounding. In addition and also through the support of more than 40 Liberty offices worldwide Liberty Outdoor is able to realize outdoor events and expeditions, with new and fresh ideas, nearly all over the world.

## Outdoor and Teambuilding Activities

As a specialist in effective outdoor programs Liberty Outdoor creates events custom-made, focused on the expected group of participants and their special wishes and requirements. The classic outdoor programs such as Rafting, Canyoning, Climbing, Snowshoe-Hiking, Ice-Climbing, and many more are customized on the profile of the participants in order to create an unforgettable highlight. How different the participants may be, regardless the time of the year, Liberty Outdoor finds the fitting program and realizes it professionally and safely.

Liberty Outdoor also creates teambuilding programs where companies profit through more effective communication and better relationships between the participants. Activities like Team Trophy's and Fun Olympics, valued with teambuilding tasks, are a few examples. These programs are created in such a way that all the participants have fun together and learn about each other in a pleasant way, optionally also with team trainers.

## Ski Programs

For ski groups in all destinations in the Alps Liberty Outdoor offers its hospitality. This can be at the selection of the right ski destination, the research for the perfect accommodation, the support with outdoor activities for skiers and non-skiers, the handling of transfers, lift tickets and ski equipment or also the complete guiding of the group.

## Expeditions

The knowledge of Liberty Outdoor about extraordinary programs and customized monitoring are very important but the professional and experienced guides and the large number of modern equipment are key to successful expeditions. These expeditions are unique experiences for every group member and will bring each participant to its limits in a safe way. High summits, wild animals, unique vegetation, off-roads tours, jungle adventures, polar lights and untouched places can all be a part of the expedition. Austria, Spain, Sweden and Kenya are only a few places of our operations.
